

Assignment 06b_s (Submittal)

Assign06a_s

- **Reading:**

Read **Chapter 11** in your Nelson text.

- **Assignment:**

1. You are to execute the three Email Forensics Labs that are described and attached to this assignment in the file [EmailForensicsLabs.pdf](#). The three labs are:

- *Email Forensics Using OSForensics*
- *Email Forensics Using Autopsy*
- *Finding Google Searches and Multiple Email Accounts*

These are to be executed on your RADISH Windows 10 desktop.

2. For each lab, compose a document in PDF format that contains the following:
 - a lab write-up describing the steps you took along with key screenshots documenting your work (you don't have to provide a screenshot for every step, only what you consider to be the key steps)
 - answers to the questions posed at the end of the lab

3. Follow the homework guidelines for this class.

- **Submission**

- Submit a single Zip file that contains the PDF documents associated with each of the three labs. I.e., you are to submit only a single Zip file.

This assignment is **due Friday, December 2** at the end of day (US Central).
